

2019 3rd International Conference on Sensors, Materials and Manufacturing (ICSMM 2019)
National Taipei University of Technology, Taiwan
November 18-20, 2019

Conference Introduction

2019 3rd International Conference on Sensors, Materials and Manufacturing (ICSMM 2019: <http://www.icsmm.org/>) will be held in National Taipei University of Technology, Taiwan during November 18-20, 2019.

It provides an opportunity for the delegates to meet, interact and exchange new ideas in the various areas of sensors, materials and manufacturing. ICSMM 2019 aims to proclaim knowledge and share new ideas amongst the professionals, industrialists and students from research areas of sensors, materials and manufacturing to share their research

experiences and indulge in interactive discussions and special sessions at the event.

Good News

1. Publication

Option 1: Conference Proceeding

Option 2: International Journal of Materials, Mechanics and Manufacturing (IJMMM, ISSN: 1793-8198), which can be included in and indexed by EI (INSPEC, IET), Chemical Abstracts Services (CAS), ProQuest, Crossref, DOAJ, etc.

2. Famous professors as Speakers

Prof. Shen-Ming Chen, National Taipei University of Technology, Taiwan;

More distinguished speakers to be confirmed.

3. Academic Visit

There will be academic visit in National Taipei University of Technology and half day visit in Taipei on November 20, 2019.

Important Dates

Paper Submission	July 5, 2019
Notification of Acceptance	July 25, 2019
Registration	August 15, 2019
Conference Dates	November 18-19, 2019
Academic Visit	November 20, 2019

Call for Papers

Topics of interest for submission include, but are not limited to: **New Materials and Advanced Materials**, Non-ferrous Metal material, Iron and Steel, Composites, Micro / Nano Materials, Optical/Electronic/Magnetic Materials, New Functional Materials, Building Materials, New Energy Materials; **Electronic Materials**, Electronic Materials Semiconductor Materials, Display Materials, -Battery Materials, Optical Materials, Dielectric Materials, Ferroelectric Materials; **Sensor Technology**, Nanomaterials and Electrics Technology for Sensors, Semiconductor Materials for Sensors, Polymer Materials for Sensors, Mechanical Sensor, Optical Sensor, Optical Fiber Sensor, Gas Sensor; **Materials Processing Engineering**, Materials Processing Engineering Metallurgy Technology, Polymer Materials, Polymer Processing, Metalworking, Casting, Welding; **Material Chemistry**, Materials Chemistry Classical Analytical Chemistry, Instrumental Analysis, Optical Analysis, Polymer Science, Material Processing; **Manufacturing Processes and Systems**, Materials Forming, Materials Machining, Surface Engineering/Coatings, Powder Metallurgy and other related fields.
